### **About Me:**

Hello! I am entering my eighth year of teaching and I am so excited to learn along with your students. I grew up in the Atlanta area, but my husband is actually a graduate from Dawson County. We are both adventure seekers and conquered our greatest adventure yet- Iceland. We drove over one thousand miles and hiked craters, volcanoes, glaciers and some of the most beautiful mountains. When I am not reading, you can find me on my kayak with my dog, Zeier. I look forward to this school year and hope to help my students find their own adventures.
